This survey is being conducted as part of the Rainy River-Rainy Lake Comprehensive Watershed Management Plan. This survey will help the local planning committee better understand resident sources of potable water, comments about their potable water quality and accessibility, and the presence of used or abandoned wells.

You may fill out this paper copy and return it by mail with the envelope provided OR scan the QR code below and complete the survey online. Results of this survey will help to better understand water supply needs within the watershed and better connect landowners to voluntary cost-share programs and efforts that may be available.

For more information about the Rainy River-Rainy Lake Comprehensive Watershed Management Plan, visit: http://www.koochichingswcd.org/rrrl_1w1p/
